

1. Conference presentation

ACNS is an annual conference focusing on current developments that advance the areas of applied cryptography and its application to systems and network security. The goal is to represent both academic research works as well as developments in industrial and technical frontiers.

ACNS receives strong support in the communities of cryptography and security, which is reflected from its [organizers](#), [program committee](#), and very competitive [paper acceptance rate](#).

2. Why Sponsoring?

Sponsoring ACNS2020 is an opportunity for companies to:

- Create a community
- Build new contacts with national and international researchers and universities
- Increase the visibility in research-relevant operations and impact on the general public

CyberSecurity conferences are catalysts of motivated researchers. By supporting the conference, companies will be partners rather than just sponsors, spreading a culture of cybersecurity in Italy and promoting an increase of cybersecurity awareness in our country.

By sponsoring ACNS2020, companies will have the opportunity to stand out in the Italian and international landscape.
