# ACNS 2023 Workshops

**Kyoto, Japan**
**19-22 June 2023**

**21st International Conference on Applied Cryptography and Network Security**

## Call for Workshop Papers

There will be 10 workshops to be held in parallel (**hybrid mode**) with ACNS 2023. The topics cover cryptanalysis, crypto implementation, security and privacy in AI/ML, blockchain, cloud, mobile, hardware, IoT/CPS, critical infrastructure. Post-proceedings of all workshops will be published in Springer's LNCS series. There will be **an ACNS best workshop paper award** (with *500 EUR* prize sponsored by Springer), to be selected from the accepted papers of all workshops. Information of past ACNS workshops is available at http://jianying.space/acns/acns-workshops.html.
